

Spatial Visualization: A Promising Practice for Promoting Student Equity

Webinar: April 27, 2016

Action Plan Worksheet

Take 5 minutes to prepare a preliminary action plan for how you might implement a spatial visualization initiative at your institution. Please record actionable, specific instructions to serve as a resource in the future.

1. List possible settings for inclusion of a spatial visualization workshop series (courses, programs, student centers, clubs, etc.)

2. Who might I need to help me (names of colleagues - faculty, graduate students and administrators)?

3. What resources do I need? List specific people, places and things.

4. How will we spin up locally on knowledge and spatial visualization teaching skills? List specific actions.

5. What are my next three steps (detail with dates)?
 - a.

 - b.

 - c.
